In the Supreme Court of Civil Justice of Vancouver Island.

In Bankruptcy the Seventeenth day of February, A. D., one thousand eight hundred and sixty five.

WHEREAS A PETITION FOR ADjudication of Bankruptcy, bearing date the 16th day of February, A. D., 1865, has been duly filed by Walter Miles, of Yates street, Victoria, Vancouver Island, Liquor Merchant, and he having been declared a bankrupt, is hereby required to surrender himself to David Cameron, Esquire, Her Majesty's Chief Justice of the Court of Bankruptcy, on Wednesday the 15th day of March, instant, at the hour of 12 o'clock, noon, precisely, at the Court House, Victoria, and make a full discovery and disclosure of his estate and effects, when and where the creditors are to come prepared to prove their debts and at the first sitting to choose Assignees and commence the examination of the Bankrupt. All persons indebted to the said Bankrupt, or who have any of his effects, are not to pay or deliver the same but to William Culverwell, of Government street, the Official Assignee whom the Chief Justice has appointed, and give notice to

DR. J. COLLIS BROWNE'S Chlorodyne.

CHOLERA, DYSENTERY, DIARRHŒA, CRAMP, AGUE, FEVER, RHEUMATISM, CONSUMPTION, ASTHMA, COUGH, &c,

ALL PAIN, VOMITING AND DISTRESS ceases in a few minutes after taking a dose of that wonderful SEDATIVE ANODYNE and ANTISPASMODIC remedy, CHLORODYNE, discovered by Dr J Collis Browne M.R.C.S. L., (ex-Army Medical Staff,) the recipe of which was confided solely to J. T. Davenport, 33 Great Russell street, Bloomsbury square, London (Pharmaceutical Chemist). The medical testimony of civil, hospital, military and naval practitioners pronounces it INVALUABLE. It relieves pain of any kind, soothes the restlessness of fever, and imparts the most refreshing sleep, without producing or leaving any of the unpleasant effects of opium.

From W. Vesalius Pettigrew, M.D., Hon. F.R.C.S., England, formerly Lecturer upon Anatomy and Physiology at St. George's School of Medicine: "I have used it in Consumption, Asthma, Diarrhœa and other diseases, and am most perfectly satisfied with the results."

Dr. Gibbon, Army Medical Staff, Calcutta: "Two doses completely cured me of Diarrhœa."

From C. V. Ridout, Esq., Surgeon, Egham: "As an astringent in severe Diarrhœa and an antispasmodic in Colic and Cramps in the Abdomen, the relief is instantaneous."

Chlorodyne—Vice Chancellor Sir W. P. Wood on Jan. 11, pronounced "that it is clearly proved before the court that Dr. J. Collis Browne was the original Inventor and discoverer of the remedy well known as Chlorodyne, and so highly appreciated in India, China, &c."

Extracts from the General Board of Health London, as to its efficacy in Cholera.

1st Stage of Premonitory—In this stage the remedy acts as a charm, one dose generally sufficient.

2nd Stage, or that of Vomiting and Purging—In this stage the remedy possesses great power, more than any other we are acquainted with, two or three doses being sufficient.

3rd Stage, or Collapse—In all cases restoring the pulse. So strongly are we convinced of the immense value of this remedy, that we cannot too forcibly urge the necessity of using it in all cases.

From A. Montgomery, Esq., late Inspector of Hospitals, Bombay: "Chlorodyne is a most valuable remedy in Neuralgia, Asthma and Dysentery. To it I fairly owe my restoration to health after eighteen months' severe suffering, and when all other medicines had failed."

Caution—Chlorodyne—In Chancery.

It was clearly proved before Vice-Chancellor Sir W. P. Wood, by affidavits from eminent hospital Physicians of London that Dr. J. Collis Browne was the discoverer of Chlorodyne; that they prescribe it largely, and mean no other than Dr. Browne's. See Times, Jan. 12, 1864. The public, therefore, are cautioned against using any other than Dr. J. COLLIS BROWNE'S CHLORODYNE. No home should be without it. Sold in bottles, 2s 9d and 4s 6d, by J. T. Davenport, 33 Great Russell street, London, W. C., sole manufacturer. Observe particularly, none genuine without the words "Dr. J. Collis Browne's Chlorodyne" on the Government Stamp. ja24 1yw

The City of Glasgow LIFE ASSURANCE Company.

Established 1838. Incorporated by Special Act of Parliament.

Subscribed Capital,	$3,000,000
Annual Revenue,	515,000
Subsisting Assurances,	13,500,000

THIS COMPANY OFFERS TO THE public the combined advantage of Perfect Security, Moderate Premiums, and Liberal Participation in Profits.

Moderate Rates of Premiums, with and without Profits for whole of Life, and for short periods

Policies declared Indisputable on any ground whatever, at the end of five years from their date (provided satisfactory evidence of age has been produced), so that they will not be vitiated by any error or mis-statement in the declaration of the Assured—the only condition being that the Premium (and extra Premium if exigible) be regularly paid when due.

Half Premium System.

Without Debt or Interest.

The special attention of those who may find it inconvenient at first to pay the full Premium, is requested to this scheme. Under it Assurances may be effected at half rates for five years without any debt being created, as in the Half Credit System. It offers peculiar advantages to persons of moderate but progressive incomes.

The Invalid's Friend.

HOLLOWAY'S PILLS.

Nervous Disorders.

What is more fearful than a breaking down of the nervous system? To be excitable or nervous in a small degree is most distressing, for where can a remedy be found? Here is one:—Drink but little wine, beer, or spirits, or far better, abstain from them altogether; do not take coffee—weak tea is preferable; get all the fresh air you can; take three or four of the Pills every night; eat plenty of solids, and avoid the use of slops. If these golden rules are followed, you will be happy in mind, strong in body, and forget you have any nerves.

Mothers and Daughters.

If there is one thing more than another for which these Pills are so famous, it is their purifying properties, especially their power of cleansing the blood from all impurities, and removing dangerous and untimely suspended secretions. Universally adopted as the one grand remedy for female complaints, these Pills never fail, never weaken the system, and always bring about what is required.

Disorders of the Kidneys.

In all diseases affecting these organs, whether they secrete too much or too little water; or whether they be afflicted with stone or gravel, or with aches and pains settled in the loins over the region of the kidneys, these Pills should be taken according to the printed directions, and the Ointment should be well rubbed into the small of the back at bed time. This treatment will give almost immediate relief after all other means have failed.

Stomach out of Order.

No medicine will so effectually improve the tone of the stomach as these Pills; they remove all acidity, occasioned either by intemperance or improper diet. They reach the liver, and reduce it to a healthy action; they are wonderfully efficacious in cases of spasm—in fact they never fail in curing all disorders of the liver and stomach.

Bronchitis, Diptheria, Coughs and Colds.

No diseases are more frequent, few more dangerous, than affections of the respiratory organs. The first symptoms of disordered action may always be removed by Holloway's renowned Pills. They quickly remedy any temporary stagnation of the blood, relieve the overgorged veins, moderate the hurried breathing, and enable the windpipe and lungs to perform their functions with ease and regularity. These Pills, by their purifying powers, cleanse the blood from all impurities and thus fortify the system against consumption, asthma, and other pulmonary complaints.

Debilitated Constitutions.

In cases of debility, languor, and nervousness, generated by excess of any kind, whether mental or physical, the effect of these Pills is in the highest degree bracing, renovating and restorative. They drive from the system the morbid cause of disease, re-establish the digestion, regulate all the secretions, brace the nervous system, raise the patient's spirits, and bring back the frame to its pristine health and vigor.

Biliousness, Loss of Appetite, Headache, and Lowness of Spirits.

These Pills effect a truly wonderful change in debilitated constitutions, as they create a healthy appetite, correct indigestion, remove excess of bile, and overcome giddiness, headache and palpitation of the heart.

Holloway's Pills are the best remedy known in the world for the following diseases:

Ague	Dropsy	Jaundice	Secondary Symptoms
Asthma	Dysentery	Liver Complaints	Tic-Doloureux
Bilious Complaints	Erysipelas	Lumbago	Tumours
Blotches on the Skin	Female Irregularities	Piles	Ulcers
Bowel Complaints	Fevers of all kinds	Rheumatism	Venereal Affections
		Retention of Urine	
Colics	Gout	Scrofula, or King's Evil	Worms of all kinds
Constipation of Bowels	Head-ache	Sore Throat	Weakness, from whatever cause
Consumption	Indigestion	Stone and Gravel	&c., &c.
Debility	Inflammation		

Sold at the establishment of PROFESSOR HOLLOWAY, 244 Strand (near Temple Bar), London; also by all respectable Druggists and Dealers in Medicines throughout the civilized world, at the following prices:—1s. 1½d, 2s. 9d., 4s 6d, 11s, 22s. and 33s. each Box.

There is a considerable saving by taking the larger sizes.

N. B.—Directions for the guidance of patients in every disorder are affixed to each Box. on10

"CONSTITUTION WATER,"

THE ONLY REMEDY

FOR DISEASES OF THE

Bladder! Kidneys!!

Gravel, Dropsical Swellings,

GENITAL DEBILITY, &c

THE ASTONISHING SUCCESS WHICH has attended this INVALUABLE Medicine renders it the most valuable one ever discovered. No language can convey an adequate idea of the immediate and almost miraculous change which it occasions in the debilitated and shattered system. In fact, it stands unrivalled as a remedy for the permanent cure of maladies above mentioned and also DIABETES,

IMPOTENCY,

LOSS OF MUSCULAR ENERGY,

PHYSICAL PROSTRATION,

INDIGESTION,

SEMINAL WEAKNESS,

GLEET, FLUOR ALBUS,

And in every disease any way connected with the disorders or decays of the PROCREATIVE FUNCTIONS. Persons about to marry, if conscious of any weakness, should take the

CONSTITUTION WATER.

Whether broken down by excess, weak by nature or impaired by sickness, the unstrung and relaxed organization is at once rebraced, revivified, and built up. Well may this celebrated medicine be called the

MEDICAL WONDER.

The stooping, trembling victim of depression and debility becomes a new man; he stands erect, he moves with a firm step; his mind, which was previously sunk in gloom of an almost idiotic apathy, becomes bright and active; and he goes forth regenerated, conscious of new vigor. The medicine reaches the CONSTITUTION itself, and restores it to its normal condition.

Irritation of the Neck of the Bladder,

INFLAMMATION OF THE KIDNEYS AND CATARRH OF THE BLADDER,

STRANGURY AND BURNING, OR PAINFUL URINATING,

CALCULUS, GRAVEL,

BRICK DUST DEPOSIT AND

MUCOUS OR MILKY DISCHARGES,

AFTER URINATING.

For these diseases it is truly a sovereign remedy, and too much cannot be said of its praise. A single dose has been known to relieve the most urgent symptoms. TRY IT in these cases, and you will ever give your praise to

CONSTITUTION WATER!

Males & Females

Are you troubled with that distressing pain in the small of the back, and through your hips? CONSTITUTION WATER will relieve you like magic.

DR. W. H. GREGG, Proprietor

MORGAN & ALLEN, General Agents, New York.

HOSTETTER, SMITH & DEAN, Agents for the Pacific Coast, 401 and 403 Battery Street, corner of Clay, San Francisco.

PRICE—$1 per Bottle, Six for $5. Packed and sent by Express.

Sold by CURTIS & MOORE, Vict fe26

IODINE WATER.

IODINE WATER IS THE MOST IMportant discovery of modern chemistry, and it is impossible to over-estimate its influence as a remedial agent. Iodine has been considered the most useful article in Materia Medica, and many of the most scientific and practical chemists and physicians have investigated its effects upon the human system. It is to act upon the

HEART,

LIVER, KIDNEYS,

DIGESTIVE ORGANS AND GLANDULAR SYSTEM,

and to have great control over

SCROFULOUS AFFECTIONS.

Notwithstanding the zeal and ability which have been devoted to its investigation, it remained almost useless, until Dr. Henry Anders, a physician and chemist of New York, after years of patient labor and experiment, discovered a chemical process which enabled him to dissolve

PURE IODINE IN PURE WATER

without a solvent. This, considered impossible by the scientific world, is attested by certificates of analysis from Dr. J. R. Chilton of this city, and Professor Booth, U. S. Mint, Philadelphia. The importance of this discovery was so highly appreciated by the Faculty that it was published in the Medical Journals, and its use recommended to practitioners (see American Medical Monthly, July 6, 1856, page 76.)

This valuable medicine is now available to the public for the cure of Scrofula in all its manifold forms, Consumption, Cancer, Heart, Liver, and Kidney Diseases, Rheumatism, Neuralgia, Nervous Affections, Dyspepsia, Bronchitis, &c.

AS A TONIC

Its operation is evinced by strengthening the digestive organs and increasing the appetite. In cases of Dyspepsia, Emaciation and Debility an increasing nutrition of the body is the result of the employment of Iodine. The patient recovers flesh, strength and color; hitherto pale, relaxed and feeble, he becomes full, strong and florid.

Full directions accompany each bottle.

Sold by all Druggists. Price $1 per bottle.

Prepared by Dr. H. Anders & Co., Physicians and Chemists, New York.

HOSTETTER, SMITH & DEAN, 401 and 403 Battery street, corner of Clay, San Francisco.

Sold by CURTIS & MOORE, in Victoria.

fe26

DR. DAVY'S

SPECIFIC COMPOUND

AN EXPEDITIOUS CURE FOR ALL DISEASES,

—OF THE—

SEXUAL ORGANS.

This positively efficacious Remedy for Gonorrhea, Gleet, Strictures and Diseases of the Urinary Organs,

Makes a speedy cure without the least restriction to diet, exposure or change in application to business; it will radically cure any case which can be produced; the disease it removes as speedily as is consistent with the production of a thorough and permanent cure. Further the disease cannot be contracted if the SPECIFIC COMPOUND is taken when exposed.

Its ingredients are entirely vegetable, and no injurious effect, either constitutionally or locally, can be caused by its use.

PRICE, $1 50 per bottle. Sold by all Druggists.

Dry Goods, Clothing, Groceries, &c.

OLYMPIA, W. T.

DR. HOSTETTER'S STOMACH BITTERS.

THE OPERATION OF THIS PALAtable remedy upon the stomach, liver and excretory organs is singularly soothing and conservative. It regulates, recruits and purifies them. Dyspepsia in all its forms yields to its control and invigorating properties.

Invigorate the System.

Vigorous digestion and pure bile produce nutritious blood, and nutritious blood a healthy frame. Does the victim of a dyspeptic stomach and a disordered liver desire to know how the digestion may be improved, the bile and the other fluids of the body purified?

Dr. Hostetter's Stomach Bitters.

Will accomplish this desirable revolution in the system regulating the secretions and excretions, giving tone to the animal juices which dissolve the food, strengthen every relaxed nerve, muscle and fibre, and bringe the whole machinery of vitality into vigorous and healthful play.

Strengthen the System.

The best means of imparting vigor to the broken down frame and shattered constitution, which has yet been invented or discovered, is proffered to the feeble of both sexes and all ages in

Dr. Hostetter's Stomach Bitters.

Debility, from whatever cause arising, may be cured; strength, in whatever manner it may have been wasted, may be restored by the use of this powerful and healthful invigorant. For indigestion and all its painful effects, bodily and mental, they are a positive specific.

A Word to the Aged.

In the decline of life, the loss of vital force consequent upon physical decay can only be safely supplied by some vivifying preparation which recruits the strength and spirits, without entailing the exhaustion which is always the final effect of ordinary stimulants. We tender to the aged

Dr. Hostetter's Stomach Bitters,

As an invigorant and restorative, immediate in its beneficial action and permanent in its effects. It tones the stomach, improves the appetite, and acts like a charm upon the spirits.

For Females.

Thousands of ladies resort to it as a remedy for hysteria, fluttering of the heart, nervous headache, vertigo, general debility and all peculiar disturbances and derangements to which, as a sex, they are subject. It cheers and enlightens the depressed mental powers, as well as strengthens the body, and its use is never followed by any reaction.

BEWARE OF COUNTERFEITS. Purchase only of reliable dealers. Sold everywhere.

HOSTETTER, SMITH & DEAN, Agents 327 Montgomery street, (Russ Block,) San Francisco.

FOR SALE BY W. M. OLIVER, Victoria, V. I., and all respectable Druggists, Grocers and Liquor dealers fe13-1m

THE LANCASHIRE Insurance Company,

THE BRITISH COLONIST

Tuesday Morning, February 28, 1865

To Advertisers & the Public.

THE DAILY BRITISH COLONIST, published every morning (Sundays excepted), is the largest and most widely circulated journal in Her Majesty's Possessions on the Pacific.

Resident Subscribers may have the same left at their residence at 25 cents per week, by furnishing their address at the Office of Publication.

THE WEEKLY BRITISH COLONIST, published every Tuesday, will be mailed or left at the residence of Subscribers, ready for mailing, at 25 cents per week, payable to the carrier.

JOB PRINTING.

THE BRITISH COLONIST PUBLISHING COMPANY having received a large addition to their stock of new and beautiful jobbing type, will execute orders to any extent with neatness and despatch, at a slight advance on San Francisco prices.

TAXATION IN BRITISH COLUMBIA.

It is rather amusing to witness our morning and evening contemporaries endeavoring to distort the recent meeting of the Cariboo miners into an expression against indirect taxation. The "anti-tariff meeting," and the hundred other nomenclatures of a similar character, which they have applied to the mining assemblage, are about as near the mark as if they had called it a Fenian gathering, or a camp meeting. To say that the miners of British Columbia met together to denounce the principle of a tariff, is certainly to insult the intelligence of every man who puts pick or shovel in Cariboo soil. The meeting was called together to remonstrate against the recent action of the government of the neighboring colony in *increasing the taxes* at a time when the country was least able to bear it—not a crusade against import duties. We ourselves were about the first to denounce this false step of our neighbors, and the foremost opponents of the increased tariff and the export duty on gold, are the very men who are firm in their convictions that a union of the two colonies and a common tariff is the only policy to save British Columbia as well as Vancouver Island from grave difficulties. Had Governor Seymour increased the road tolls, the price of the miner's certificate, or the recording fee, he would have heard as great, if not greater complaints than those at present made against the increased duties; for of all classes of consumers the gold miners are the most annoyed by direct taxation; for the simple reason that, as the pursuit is more fluctuating in its character than any other, the difficulties of paying sums at stated periods are necessarily greater. The license in Australia caused an insurrection, and the tax was abolished for one that would bear more indirectly on the residents of the gold fields. A tariff, therefore, becomes the most legitimate means to tax gold countries. There is another objection to the direct tax on the miner, and that is that he is obliged to pay a larger quota to the revenue than other members of the community. We alluded yesterday to the anomaly as well as injustice of six hundred men on Cariboo paying in a given period $65,000, while the same number in New Westminster would only contribute $12,000—not a fifth of the former's taxation. This is too glaring in its absurdity to require comment.

What is wanted in British Columbia is simply a system of taxation that will bear more equally upon the inhabitants—not a scheme that will increase the burdens of either a class or a whole. The revenue that was obtained the last year, or the two years previous, was in all conscience, large enough for the Government of any colony of six or seven thousand people. Sixteen or seventeen pounds sterling a head per annum cannot certainly be called inefficient taxation. Levied on the inhabitants of Great Britain it would pay off the national debt in less than two years. Yet it appears this taxation is too small for British Columbia. Probably if the revenue were doubled the result would be the same; for there is an astonishing elasticity and power of accommodation in the governments of such countries. They abhor surplusage to such an extent that they believe always in making their expenditure cover a little more than their income.

We are well aware that British Columbia is a rough country; that it must, like other countries, have roads; and that the inhabitants, like other inhabitants, must be taxed to some extent for their construction; but it should only be to some extent: for posterity, that will reap the principal benefit, should share the bulk of the responsibility in paying the expenses. This policy, unfortunately, cannot always be carried out; British Columbia is to-day a debtor to the amount of a million of dollars, and it is not likely she can obtain in the London money market capital at her beck and call. The question, then, for the Governor to consider is how to raise sufficient revenue without crippling the industry of the country. If he looks around he must see that he has taxed the colony to its utmost capacity, and that therefore increased taxation must not be thought of. There is but one resource left, and that is retrenchment—on the principle of the domestic proverb that a penny saved is a penny gained. All works that are not urgent, should be stopped; at least one-half of the official staff should be lopped off, and every measure adopted to cut down the extravagant government expenditure. If this were only done, Governor Seymour would have abundant means to open up available routes to Kootenay, or any other gold field. At present, it would seem by the supineness of both colonies, the Oregonians will beat us out of the trade of the mines in our own territory. In another column it will be seen that a steamer is being already built on the Columbia river above Colville, and is expected to navigate a stretch of water two hundred and fifty miles in extent, so as to shorten the travel between Portland and Kootenay. We have every advantage in distance and topography over our neighbors, but through the isolation of both colonies, their want of concerted action and united energy, the most valuable trade the country has yet had an opportunity of obtaining is allowed to slip from our fingers. And all this while, when both countries should be working in harmony to accomplish great results, the wiseacres of the British Columbian Legislative Council are fighting amongst themselves to see in what manner they can best hurt the trade of Victoria. If these men had the true interests of the country at heart they would use their utmost energies to obtain a union of the colonies, and thus, by reducing the expenses of the government machinary in both countries, and directing power, that is now either acting in conflict or divided, in one channel, give something like vigor to the road making policy of the country. We should then hear no more of miners protesting against increased taxes or impediments thrown in the way of gold field enterprise.

NEW ADVERTISEMENTS.

MASONIC NOTICE.

AN EMERGENCY MEETING OF VANCOUVER LODGE, No. 421, of F. and A., M. R. S., will be held on WEDNESDAY EVENING next, the 1st March, at 7½ o'clock, punctually.

LILLIE'S SAFES

Cannot be Picked!

The Russell & Erwin Manufacturing Company, General Agents,

106 and 108 *Battery Street, San Francisco.*

A TRIAL TEST!!

This is to certify that we purchased on the THIRD inst., of Mr. F. Tillman, the agent in this city of Tilton & McFarland, one of their BEST safes, WITH INSIDE STEEL VAULT, and WARRANTED by their agent to be FIRE and

BURGLAR PROOF,

FOR sale. The outside door of said Safe is secured by their six-tumbler key lock. The door of the Steel Vault is fastened by their six-tumbler key lock, and a five ring Combination Lock.

Mr F. W. Ensign opened the said Safe, by picking the lock on the outside door in

TEN MINUTES,

and the door of the Steel Vault, by making a key from measurements taken from the outside thereof, while said door was closed and locked, and by picking the Combination Lock (not using tools or violence) in five hours and fifty-seven minutes, being

One Hour and Three Minutes within the time he was limited to.

The trial was made WITH THE CONSENT OF MR. TILLMAN, who was apprised of the conditions thereof beforehand, and who, upon the above result being made known to him, promptly offered to carry out his warrantee by sending for said Safe and taking it off our hands.

I CANNOT and do not, after witnessing the above operations, CONSIDER SAID LOCKS AS BURGLAR PROOF. Signed,

Alexander Boyd,
Of BOYD & DAVIS, 209 Front street, San Francisco.

SACRAMENTO, August 8, 1864.

This is to certify that Mr. W. F. Ensign has picked the lock on the "County Treasury Safe," it being one of Tilton & McFarland's "Best Steel Lined Safes." Mr. Ensign *unlocked the Safe on a different combination from the one we used, it working as well on one as the other.* We have adopted "Lillie's Duodecagon Bank Lock" in its place.

(Signed,) F. S. LARDNER, Treasurer.

NEW LOCK ORDERED.—The Board of Supervisors yesterday ordered the purchase of a new lock, to be attached to the Safe used by the County Treasurer. This safe is one of Tilton & McFarland's manufacture, and is provided with a Combination Lock. An agent for the sale of LILLIE'S SAFE offers for sale a new Lock. He claims to be able to pick any ordinary lock now in use in the city; and yesterday, to illustrate the case, opened the County Treasury Safe in the presence of a number of persons, after it had been carefully locked by Treasurer Lardner. He also opened the safe of A. Egl, fruit dealer on J street, after it had been closed by the owner. The Lock which he sells has, it is claimed, never been picked. It can be appended to any ordinary Safe as a substitute for the original lock. The Board of Supervisors being satisfied that the County funds are at present unsafe, ordered the new lock, at a cost of $175.—*Sacramento Union, August 6th.*

An Unexampled Fire-Proof Test—$30,000 Saved in Eighteenth street.

NEW YORK, Wednesday, July 18, 1860.

LEWIS LILLIE, Esq., Troy, New York—Dear Sir: When I visited your works, in Troy, I became satisfied of the superiority of your Chilled and Wrought Iron Safes, and, as I then said, I was determined to order one on my return to New York; my determination was delayed, however, that I might investigate the charges which your competitors, in this city, brought against the reputation of your Safes. I did not do this, however, until after the night of June 16th, when my Sheet Iron Safe was blown open and robbed of $490. I then bought of your Agent, Mr. Frank E. Howe, No. 203 Broadway, upon whose representations I entirely relied, one of your No. 5 FIRE AND BURGLAR PROOF SAFES, although I was told by the same competitors that in case of fire its contents would be entirely destroyed.

On the night of the 20th of June, my office, which was a four-story building, together with my steam saw-mill adjoining, were entirely destroyed by fire. Your Safe was in the second story, and *was entirely surrounded by the hottest fire I have ever known.* It fell red hot into the cellar, striking a bed of rocks upside down, and it was not until then that any water came in contact with it, as the neighborhood was too hot for the firemen to hold the hose on the building.

I had all my books and valuable papers in this Safe, together with $30,000 in money and notes, and I am free to say, that when it was dragged out of the ruin, I did not expect the contents to be saved, as the engineers and firemen assured me it was as hot a fire as they ever attended. Quite the contrary was the case, however, as *all its contents were entirely saved*; and it is my pleasure, as I deem it my duty, to refer those interested to the Safe, now in your possession, and to its contents, which, I will cheerfully show at my office. Yours, &c.,

J. J. VAN PELT, Agent for the E.R.S.S. Mills.

DIED.

On Sunday, the 26th inst., Hannah, second daughter of Mr. John Kinsman, aged 6 years.

A THUNDERBOLT IN THE "FORUM."—Last evening a somewhat amusing circumstance transpired in the Council Chamber. The Council having completed the business of the evening, had just agreed to adjourn, and were donning their overcoats, when it was announced that there was a communication addressed to the Council, which had not been opened.

Mayor—Why was this not handed in at the proper time?

Messenger—It has only just come in.

Mayor—Where did it come from?

Councillor—Under the door; it had better be opened.

Mayor—It is nothing good, depend upon it.

Councillor—There is no saying; it might be a legacy for the Council.

Mayor—(resuming his seat with ponderous gravity)—Well, let the clerk read the legacy.

Council take their places with anxious and expectant countenances.

Clerk—(adjusting his spectacles with becoming dignity, and unfolding the missive—reads)

"City Council, Dr. to BRITISH COLONIST for printing, $13 50 !!"

His amazed Worship *vamooses the ranch.* The clerk *levants.* Councillors *skedaddle.* Messenger *makes tracks,* and Reporters *get up and dust.*

NATURAL CURIOSITY.—Our readers will probably remember reading in the COLONIST of January 31 a description of a mammoth egg weighing 5¾ ounces and measuring 4 inches in length and 7¼ inches in diameter, laid by a hen at San Juan Island. A remarkable circumstance in connection with this natural curiosity was discovered yesterday. The shell of the egg was perforated and a perfect egg of the ordinary size was observed floating in the white albuminous liquid inside. This *lusus naturæ* would be a sore puzzle to the philosopher who taxed his wits to ascertain how the apple got inside the dumpling.

SALE ON THE CITY WHARF.—The auction sale of the stock of the Victoria Coal Company came off yesterday morning. The attendance was large, but the bidding was somewhat slow, and the prices obtained only medium. Dry oak wood, lots of five cords and upwards, brought with difficulty $3 37½ per cord; pine wood, $2 87½; rough lumber, $11 per M; a lot of 300 cords of wood at Sooke could not obtain a bidder. A pair of draught horses, warranted sound and true, with harness, upset price $400, were withdrawn; and a horse, cart and harness sold to Mr. Brodrick for $300.

PETITION AGAINST MR. MCCLURE'S SEAT.—Mr. C. B. Young yesterday sent in a petition to the House of Assembly praying that Mr McClure's election for the city be declared null and void, on the ground of want of proper qualification, and that Mr. Gilbert Malcolm Sproat be declared a duly qualified member for the city. Truly magnanimity must hereafter be added to the category of Monitor's cardinal virtues—Faith, Hope and Charity.

MARRIAGES BIRTHS AND DEATHS.—Dr. Powell yesterday introduced in the House of Assembly a very useful and much needed bill to provide for the registration of "Marriages, Births and Deaths," as the hon. mover of the bill words it, very justly remarking that the marriages come first, the births and deaths following as a natural consequence. The bill, which is framed on the model of the Imperial Act, adapted to this colony, passed a first reading.

MECHANICS' INSTITUTE.—The Readings and Recitations before the Elocution Class in connection with the Mechanics' Institute, attracted a considerable number of spectators to the Debating room last evening. Mr. Haskinson occupied the chair. The exercises delivered and the various comments and criticisms thereon excited a good deal of interest in the audience. The next meeting will be held on Monday evening next.

A CASE FOR THE CHARITABLE.—Some members of the St. Andrew's Society and others are kindly endeavoring to collect sufficient funds to enable the unfortunate lunatics now confined within the precincts of the gaol, to be sent home to their friends. A dollar or two from every one who can spare it will be well spent in aiding the good work.

ROYAL MILITARY COLLEGE, SANDHURST.—Among the cadets nominated by the Secretary of State for India at a recent examination held at Chelsea Hospital we notice the name of J. J. Mellaudaine—brother of Mr. Edward Mallandaine of this city—who in the number of marks obtained ranked as the fifth of seven competitors.

NEW TRIAL.—*Southgate & Co. vs. J. T. Pidwell.*—Mr. Bishop yesterday applied for a new trial in the above suit, in which the plaintiffs obtained judgment against the defendant in August last for $82. His Honor granted a rule *nisi*.

FINED FOR ASSAULT.—A Fort Rupert Indian named Charley, was yesterday fined $20 for an aggravated assault upon a Tsimpsean woman, and an additional $10 for damage to property.

BAIL FORFEITED.—John Campbell was charged yesterday in the Police Court with committing a violent assault upon a Fort Rupert Indian named Peter, and, failing to appear his bail of $25 was estreated.

RACE POSTPONED.—The race between Wake-up-Jake and Attila, known as the Boston Colt, for $1,000 a side, did not come off yesterday, owing to the stormy weather. It has been postponed till Thursday next.

THE SHOOTING CASE.—The charge of shooting preferred against the half breed Lazar was yesterday further remanded for three days for the purpose of procuring further evidence.

HELD OVER.—Mr. Evans' reply to J. P. C. on the new Customs duties in British Columbia will appear in our next.

DANCING CLASS.—A Dancing Class for young ladies is held at Mrs. Heyward's Schoolroom, Fort street, on Tuesday and Friday afternoons.

CITY COUNCIL.

MONDAY, Feb. 27.

The Council met last evening at 7:15. Present: His Worship the Mayor, and Councillors McDonald, Fell, Munro, Smith and Jeffery.

CITY INSPECTORSHIP.

A communication was received from Mr. Forse, applying for the office of City Inspector. Ordered to be placed on file.

WADDINGTON ALLEY.

Leave was given to Thomas Mann, contractor, to take up and replace new planking in this alley.

COUNCIL CHAMBERS.

Considerable discussion took place relative to the course the Council should pursue with respect to the renting of the city offices, and it was finally agreed, on motion of Mr. Fell, seconded by Mr. McDonald:

"That a Committee be appointed to confer with Mr. Trounce with a view to obtaining the Council Chambers for the next three months at a rent not exceeding $25 per month, and if not, that the Council adhere to their resolution of 19th December last."

Messrs. Fell and Munro were placed on the Committee.

Council adjourned to Monday evening next.

SUMMARY COURT.

Before His Honor Chief Justice Cameron.

Monday, Feb. 27th, 1865.

His Honor took his seat yesterday at 10 a.m.

McKay vs. Wallace—John G. McKay of Bastion street sued Alex. W. Wallace of Bentinck Arm for $212 for goods sold and delivered, &c. The case was partially heard at the last sitting of the Summary Court. The defendant pleaded a set off.

His Honor disallowed the set off and gave judgment for $200 and costs remarking that he contemplated supplying a desideratum by introducing a system of weights and measures into the Legislature.

Cary vs. Victoria Water Works Co. limited—Defendants did not appear. The plaintiff was sworn and proved his claim and His Honor gave judgment for the amount claimed $68 82.

Cary vs. Victoria and Esquimalt Railway Co. limited—Defendants were sued for $230 and not appearing the plaintiff was heard and judgment given for the amount claimed.

F. H. Gardner vs. Martin and Dennes—The plaintiff sued defendants jointly for $30 claimed as and for rent due by the defendants to whom he had jointly leased the premises on Broad street. For Mr. Dennes it was pleaded that the premises were hired by Martin with whom he had settled. The case was only partly heard.

Lavery and Beddard vs. Oldham.—This was a summons to recover $38 for goods sold and delivered. Defendant did not appear and judgment was given for the amount claimed.

MINING CASE.

Thomas vs. Milton—Plaintiff Herman Thomas sued Washington Milton for $72 due upon a promissory note made by the defendant in his favor.

Mr. Green appeared for the plaintiff and Mr. Drake for the defendant.

The defence set up was want of consideration. Plaintiff was sworn and produced agreement between the parties in April, 1864 wherein the promissory note was alleged to be given by the defendant to plaintiff in settlement of the purchase of an interest in a mining claim. Plaintiff further stated that he was settling up his affairs at the time in order to proceed to Cariboo and it was at the defendant's own request that he took the note upon which he now sued.

Mr. Drake cross-examined the witness minutely on the registration of the mining claim in question with a view to establish the fact that the claim was at present registered in the name of the plaintiff.

Witness replied very candidly to the questions and explained that he registered the claim last year in his own name in consequence of the defendant not being a free miner and not being in Cariboo. He had derived no benefit from the claim.

Mr. Alexander proved the signing of the agreements both of which were written by the defendant and purposed to be true copies.

Mr. Drake for the defence called the defendant who stated that his deceased brother had been a mining partner of the plaintiff, and the latter came down to make arrangements with him for continuing it. Defendant paid plaintiff $164, and produced written agreement whereby plaintiff engaged to work and if possible to sell the claim and forward the share of proceeds to him, and in any case to have the interest registered in his name before October. The share had never been so registered nor had he received any benefit therefrom. In answer to Mr. Green witness said that he had never tendered a transfer of the share for plaintiff to sign. He was not a free miner. He had heard plaintiff and Alexander say that the two agreements written by him were signed at the same time and were said to be exact copies. Could not remember if such was the case.

Mr. Drake and Mr. Green addressed the court and His Honor after commenting on the discrepancy in the agreements said he would reserve his decision.

Higgins & McMillan vs. Rise—Judgment for $18.

Curtis & Moore vs. Tiedeman—Judgment for $13.

Gilmore vs. Martin—Judgment for $35.

HOUSE OF ASSEMBLY.

MONDAY, Feb. 27.

House met at 3:15 p. m. Members present—Messrs. DeCosmos, Powell, M'Clure, Tolmie, Dickson, Dennes.

ELECTION PETITIONS.

The Speaker announced that he had received a petition against the return of Mr. Leonard M'Clure, Esq. The 14 days during which petitions may be presented had elapsed but a further period of several days must be allowed after the presentation of the petition before the matter can be referred to the Election Committee.

PUBLIC ADMINISTRATOR.

Dr. Dickson asked leave to introduce a bill to enable the Chief Justice to appoint a public administrator to take charge of the effects of deceased persons. The great necessity of an appointment of this kind must be apparent to every hon. member of the House—Leave granted.

STATUTES OF THE COLONY.

Mr. DeCosmos moved that the House be supplied with printed copies of the Statutes of the colony for the years 1863 and 1864—Agreed to.

PILOT STATISTICS.

Mr. DeCosmos moved for Statistics in accordance with the provisions of the Pilot Act. He believed that the returns had been handed in to the Pilot Commissioners, and they should be laid before the House—Motion agreed to.

MARRIAGES, BIRTHS AND DEATHS.

The House went into Committee on the money clause of the bill respecting Marriages, Births and Deaths, Dr. Dickson in the chair.

Dr. Powell, in introducing the bill, read the provisions of it, which were for the appointment of salaried Registrars in the different districts, also compelling clergymen to send in reports of marriages, births and deaths to the Registrar General.

Mr. DeCosmos agreed with the principle of the bill, but, looking at the whole country from Nanaimo round to Sooke as only one county, he thought the whole matter might be managed by the Registrar General.

Dr. Powell said so far as marriages were concerned this might be practicable, but as to births and deaths the case was different; in regard to deaths for instance, the bill proposed to allow no burial to take place without a medical certificate that the death was a natural one, and if this could only be obtained through the Registrar General it might cause very great inconvenience.

Dr. Helmcken agreed with the principle of the bill, and said a similar bill had once before passed the House, but had been rejected by the Council. He disapproved, however, of the appointment of salaried Registrars. The duties of Registrar in the country districts could easily be filled by the Justices of the Peace, or the School-masters, and they should be paid wholly by fees. Registration should be compulsory in all cases. The bill must necessarily be imperfect in a new country like this.

The bill was reported, read a first time and ordered to be printed.

WEIGHTS AND MEASURES.

This bill was read a second time, and ordered to be sent to committee.

INCORPORATION BILL

Wednesday next (to-morrow) will be devoted to the consideration of the Incorporation Bill in committee.

House adjourned till to-day (Tuesday) when the Estimates will come up on recommittal.

LEGISLATIVE COUNCIL.

MONDAY, Feb. 27.

The Council met at 3 p.m. Present—The Hons. Col. Secretary (presiding), Attorney General, Surveyor General, H. Rhodes and R. Finlayson.

THE CORPORATION AMENDMENT BILL.

The Council went into Committee on this bill, the Hon. Attorney General in the chair.

The Hon. Colonial Secretary said since the Council last met he had made enquiries into the effect which the retrospective powers would have, and he had in consequence arrived at the conclusion that it would be impolitic to pass the bill with retrospective power. He found on enquiry that there was an assessment in April '63, and the taxes so assessed were for the most part paid. In October of the same year there was another assessment. An objection was then taken to the act which was upheld, and only about one-fifth of that assessment was paid. He thought it would be hard to make the four-fifths who had objected to the tax now to pay up what they were not then required to pay, and he should therefore recommend that the bill should be so worded as to cause the Council to commence *de novo* from the passing of this act.

Hon. Mr. Rhodes said he had favored making the act retrospective because the Hon. Colonial Secretary had said that it would be better to let by-gones be by-gones. He thought the right of those who had paid in good faith should be protected.

Hon. Attorney General said he thought that those who had protested against the payment should be protected, but not others.

Hon. Mr. Rhodes said it was not everyone who would have taken the same precaution as he had done. He was especially urged to pay at the time by one of the city officers when the Corporation was in full working order, and did so under protest; but he afterwards found out that the very officer who had urged him to pay had not paid his own taxes (laughter). It was not on public but on private grounds that the tax was resisted.

Hon. Attorney General—Certainly! Mr. Ring, however, declared that he resisted on constitutional grounds alone.

Hon. Colonial Secretary said it would occasion great trouble and perhaps involve the city in much litigation to enforce payment of the tax from four-fifths of the rate payers. About $15,000 was paid in the first assessment, and only about $3,000 on the second.

The Hon. Attorney General suggested that as this was a private bill they might ascertain first whether the Corporation would be prepared to refund to those who had paid.

The Hon. Surveyor General said it would be better for the Corporation to refund honorably than to fight nearly every tax payer in Victoria.

The Hon. Colonial Secretary remarked that the money had all been expended. The Corporation was at present wholly without available funds.

Considerable discussion followed as to whether the taxes should be refunded, or otherwise in what manner protection could be given to those who had already paid, in the course of which the Hon. Mr. Rhodes referred the Council to the Legislative Enactment of 26th May, 1864, which exempted those who had previously paid real estate taxes in similar manner, and it was thereupon suggested that the bill now before the Council should be so amended as to meet the present case.

Sec. I then passed with literal emendments.

Sec. II passed on motion of the Hon. Mr. Rhodes, seconded by the Hon. Mr. Finlayson in an amended form limiting rates levied by way of per centage on professions, trades and businesses to $500 on fixed rates and one-half of one per cent. on transactions.

Sec. III was introduced as a new clause on motion of Hon. Mr. Rhodes, seconded by Hon. Colonial Secretary exempting all those who had already paid under the City Assessment of October, 1863, from contributing a like amount under the next assessment.

The Hon. Attorney General dissented on the ground that the clause indirectly had retrospective effect to which he had already given his objections. The remainder of the clauses were then passed and the bill reported complete. The Council then adjourned to Wednesday next at the usual hour.

THE BRITISH COLUMBIA TARIFF.

TO THE EDITOR OF THE BRITISH COLONIST: SIR,—The late tariff of British Columbia seems to meet the approbation of your correspondent "J.P.C," and he writes a shrewd letter to prove that the mining population of the country ought to be satisfied with it. His article is filled with that sophistry which characterises all arguments in favor of high tariffs on the necessaries of life. As an instance: he argues that because the tariff is only an increase of from a quarter to 1 per cent. per pound, the miner can bear it easily. That this is an unfair statement, it is only necessary to consider a moment, and as "J. P.C." says, "take a careful survey of the tariff." Such a survey will show us that the tariff on the staple articles of import is from 20 to 100 per cent. higher than it was. The trader in the mines will be perfectly justified in adding from 50 to 200 per cent. to this. So that the miner will have his "grub" increased in price *in consequence of this tariff,* not less than 60, and *perhaps* not more than 50 per cent. This will be the practical operation of the tariff, and no one knows this better than Mr. "J.P.C." Yet he asks, "of what consequence is this" small (?) increase to the miner? His ideas seem to accord perfectly with those of the legislators of British Columbia. Unfortunately the miners of the country differ widely with "J.P.C." and his friends in New Westminster on this subject.

But our friend "J.P.C." adroitly dodges the main question at issue on this tariff, and attempts to conceal the dodge by some elegant "buncombe" on the roads. We are to have a road in to Williams Creek, and for this we ought to rejoice at the privilege of paying this increased tariff. Do we not pay now 2½ cents per pound on all the freight *in bulk,* which passes over these roads, on the boxes, bales, ropes, and packing material as well as on the goods? Is not this enough for the road privilege? Do any people on earth pay such prices for road privileges? And this too, is in addition to all the other tariffs of the country. Such a dodge will not do. The real issue is that our mines and mining interests are not now in a condition to bear any further taxes than we have, and we do not feel that it is right or just for us to pay *all* the expenses of the government. Just now, the mining and trading interests of the upper country are depressed. The present prospect before us is dull and uncertain in the extreme, and as the past season was unprofitable, our principal hope in future is in new discoveries. It will require renewed efforts and heavy outlays to make these discoveries. Our means are small, and our credit is at a low ebb. These are unpleasant reflections, but nevertheless true. Is it the part of wisdom to add to our burden of taxes while in this situation? And especially is it wise to do this while there are classes of property owners in the country who do not share the burden with us? Will "J.P.C." and his friends think of that pertinent truth spoken at the miners' meeting, that "it is the last feather which breaks the camel's back?"

Surely the increase of a tariff in the smallest degree cannot be justified in reason *at this time*.

The reasoning of "J. P. C." to prove that an increased tariff will lessen the price of provisions in the mines is too fallacious to require notice. The true policy on the subject of roads is to endeavor to open and make such roads as the country requires, and nothing more. No wise government will attempt to build railroads or macadamised roads into a wild unexplored country and make the pioneers of the country pay for it before the road is built. To let the mineral resources of Cariboo at least be discovered before you tax the discoverers the full cost of the best road, would be the proper policy for our government. That those resources may be discovered and developed, hold out some other inducement to enterprising men besides a continual and rapid increase of their taxes. The present road to Williams Creek is the best that was ever opened into a wild country, and the miners have paid and are now paying more for it than any other people ever paid for roads. As a body they are broke—have exhausted their means in endeavoring to find the rich deposits of gold believed to be in the country; and they will not be willing to pay any more for roads until they find something more in the country to enable them to do so. Of this "J. P. C." and his friends in New Westminster may fully assure themselves by consulting the "sober second-thought" of every real miner in the country.

S. P. A.

February 28, 1865.

THE LEGISLATIVE COUNCIL AND MR. RING.

Saturday, Feb. 25th.

TO THE EDITOR OF THE BRITISH COLONIST,—SIR,—That august assembly, the Legislative Council, having (as reported in your paper) thought fit to allow my name to be introduced in their deliberations yesterday upon the Corporation Act, allow me to remind the Public of the *real question* as far as I am concerned.

It is, whether or not, a subordinate body like the Corporation could have been invested by the House of Assembly with an unlimited power of raising any amount of revenue by their by-laws which their wisdom or exigencies might dictate. Now since all the Legislative, Executive, Judicial, and Ministerial Powers of the colony combined together have no such power *simply because such power would be directly subversive of the constitutional laws of England;* they could not give that which they themselves do not possess. Soon after the passing of the Act of Incorporation a case upon the structure of it, was submitted by the Corporation to my opinion jointly with that of Mr. McCreight, and seeing that in all sound taxation there must be a *distinct and definite monetary limit assigned to each specific subject of taxation,* and that the act was deficient in this respect we advised that Body to apply to the Legislature to remedy the defects of the bill, they not only neglected to pursue our advice, but while I filled the office of Acting Attorney General made up their minds to test against myself in a court of law the soundness of that opinion, and shortly after attempted to enforce against me, their assumption of an illegal power. The court decided against the Corporation and upheld constitutional law. And I affirm that until the Legislative authorities of this colony shall have received the power of replacing the various litigants and criminals of the past, who have appeared in our courts, in their original position in which they stood before trial, they can have no authority to alter (by assuming the functions of a Court of Appeal) the considered recorded judgments of the Chief Justice of this colony, which it appears the Bill now before that wise and learned Body, the Legislative Council in effect attempts to do.

Only think, sir, of a bill before the Houses of Lords and Commons of England to reverse the judgments of all the Judges from the days of King Alfred down to the present time!

To speak of me as "Ring and others refusing to pay taxes is to put me in a most false and injurious light. I never refused to pay taxes; taxes are a legal impost. I bow to the laws and uphold them.

I resisted *upon public grounds only* the exaction of an illegal, unconstitutional and revolutionary power and thus lent my aid to uphold the laws. And I am here compelled to say, in consequence of the repeated slanderous imputation that I refused to pay taxes, that I was not only put to more inconvenience and loss of time through the obstinacy of the Corporation than four times the amount of a falsely called taxation upon myself could measure, but that I also refused to allow the Corporation to be mulcted in the costs of their abortive suit against me. Moreover I told the Mayor that if the Corporation wanted a contribution to help them out of their difficulties I was willing to give one, but that I would never sanction by my name and particularly as Acting Attorney General a grossly illegal impost.

I am sir, obediently yours,

D. BABINGTON RING.

CALIFORNIA ITEMS.

[FROM THE SAN FRANCISCO ALTA.]

DEATHS AT SEA.—T. W. Jones and John A. Tellsper, first mate and carpenter of the ship Coquimbo, which arrived in port from the North yesterday, died on the voyage up the coast to Puget Sound, from injuries received by falling down the hatchways.

THE THROAT-CUTTING AFFAIR.—James McConnell, who cut his wife's throat with a pen-knife, at a house on Polk street, on Tuesday night, as already stated in this paper, was examined in the Police Court yesterday, and held for trial at the County Court, on the charge of assault with intent to commit murder.

RESULT OF THE HOSE CO. RACE.—The grand foot race, between the South Park Hose Co., Washington Hose Co, and Monumental Hose Co., each company pulling its hose carriage, for a prize of a silver trumpet, costing $120, took place at the Pavilion, last evening, on the occasion of the benefit of Messrs. Lee and Ryland. The contest was an exciting one, and resulted in favor of the Monumental boys, who made the circuit of the great ring 12 times—making over a mile run—in six minutes 39 seconds. The trumpet was presented to the winners on the spot, and the Monumentals then paraded the streets, giving this office three cheers as they passed. A card appears in our advertising columns from three of the hose companies, disputing the award.

LAYING THE NEW CABLE.—All the preparations for laying the new submarine cable across the Golden Gate, from Fort Point to Lime Point, were completed yesterday, and the task will be assayed at 10 a. m., to-day. This is the largest submarine cable in America, we believe, and was purchased for this express purpose in New York, by Mr. Street on his last trip to the East. It has four conducting wires of copper, is one and a half miles in length, and one and a half inches in thickness. The protecting wires, size No.10, used in this short cable, would make a continuous line of fifty miles in length. When this cable is successfully laid, there will be three lines between this city and Sacramento in working order, and it is hardly possible that communication will again be cut off as it was for days together, some months since. This large cable takes the place of one broken some time since by a ship's anchor. The smaller cable, which was damaged by an electrical storm, last autumn, was repaired some time since.

CHINESE THEATRICALS.—The Chinese merchants of San Francisco recently leased the New Idea Theatre on Commercial street, and employed a large and talented company to perform the great national drama "Tuck Ye Tong," representing the main features in the history of the Chinese empire. Dropping in there last evening we found the house well filled, nine-tenths of the audience being Celestials, and the Celestial drama—with all its "scenic effects," "stage illusions," brilliant costumes, striking music, etc., etc.,—in full operation. The female characters are played by men exclusively, according to invariable usage; "supes" walk unconcernedly about the stage at all times, being understood to be invisible to the audience and players; the musicians are seated at the back of the stage, and the play itself—well, that is what gets us, and knocks all our powers of description sky-high. This evening the season closes, and all who wish to see C—s K—n play the Emperor of China, and Ch—y B—s play head fightest to the empire, must go now. A more orderly audience we never saw in a place of amusement, and the salted watermelon-seed eaters in the pit, could give their peanut-eating Melican friends in the same locality in our own theatres, a wholesome lesson in good behavior. New costumes for the representation of a new celestial drama arrived a few days since from China, and the play will be brought out in a few months more or less; it takes time to get up a new play in the language of Confucius.

[From the S. F. Bulletin.]

SELF DEFENCE.—James McCousen, the seaman who stabbed another on board the British ship Ansel, at Greenwich dock, about a week since, was to day discharged, it appearing that he had acted in self-defence. He was returned to duty on board the ship, which is on the eve of departure.

ACCIDENT—E. H. Jones, of the firm of Jones, Dixon & Co., while superintending the construction of a water tank at his residence at Oakland last week, fell from the top of the reservoir, a distance of over twenty feet, bruising him severely, and injuring him internally. His injuries are not supposed to be fatal.

RESCUED FROM DROWNING—A seaman fell into one of the holes in the wharf in the vicinity of Jackson and East streets, on Sunday, and would have drowned but for the noble exertions of Louis Peterson, the keeper of a coffee stand near by. Peterson has saved many lives in this manner during the past year, oftentimes at the risk of his own.

Several Overland mails were received at our Post Office last night, having been long detained on the route. Letters before us bear date of the New York Post Office of December 22d, 28th and 30th respectively. One of them is plainly endorsed "per California steamer of January 3d," yet bearing the Philadelphia Post Office stamp of December 30th. The sending of this latter letter overland is in direct violation of postal authority, as it is expressly declared and published here and at the East that all letters endorsed to go via steamer shall thus be sent forward; and it is this frequent and oft repeated neglect of Government officials that drives our merchants to patronize the express of Wells, Fargo & Co.

SAD ACCIDENT—Edward Shore and Erwin Locke, a couple of miners, were blown up by a premature explosion in the tunnel of Colby & Co., on Deer Creek, Nevada county, on Saturday last. Shore was found dead, and the frontal bone of Locke's head was so badly fractured that trepanning was thought necessary. He would also probably lose both his eyes.—*Flag.*

IMPORTANT TO PERSONS ABOUT TO PROCEED TO MEXICO.—The undersigned having lived in various parts of Mexico, including the metropolis, Mazatlan, &c., and being a professor of the Spanish language, is enabled to prepare, in a very short time, persons about to proceed to that country, in the language, by which they will be able to speak it fluently. He intends opening a new class in Spanish, for beginners, on the 1st of March, at seven o'clock p.m. French lessons also given.—B. DEFFIS, Trounce Alley, off Government street.

COMPLAINTS OF CHILDREN.

In the cases of fast-growing and scrofulous children, predisposed to curvatures and other deformities, it is often desirable to give a tonic without stimulants, and an alterative without irritation. For such it would be impossible to select a preparation combining so many of the above advantages as the PERUVIAN SYRUP.

SOOTHING AND BRACING.—There is no preparation in existence which has such a soothing affect in cases of nervous excitement as

DR. HOSTETTER'S STOMACH BITTERS.

Although the fame of this renowned invigorant rests mainly on its astonishing cures of Dispepsia, Liver Complaint, and intestinal disorders, it is equally efficacious in nervous complaints. Thousands of ladies resort to it as a remedy for hysteria, fluttering of the heart, nervous headache, vertigo, general debility and all peculiar disturbances and derangements to which, as a sex, they are subject. It cheers and lightens the depressed mental powers as well as strengthens the body, and its use is never followed by any unpleasant reaction. Sold by all Druggists and dealers everywhere.

FEMALE DISEASES.

A large proportion of the female sex suffer from some irregularity in the menstrual secretion. All such sufferers, whether from suppression, excessive flow, or painful discharge, can find sure and permanent relief in the well-tried PERUVIAN SYRUP which acts in such cases almost like magic.

HOLLOWAY'S PILLS.—This medicine has been constantly increasing in public estimation for years, and is now acknowledged to be the most wonderful remedy in the world. It acts directly on the system, removing all obstructions from the stomach, renovating the springs of life, and purifying the blood, eradicating liver complaints—that mainspring of so many diseases—indigestion, loss of appetite, pain in the side, and general debility. It is also a remedy on which the asthmatic may place the greatest dependence, and obtain perfect restoration to health. The hypochondriac and dyspeptic should resort to these invigorating Pills, which are capable of converting the gloomy shadows of their life into beaming sunshine, and bringing back those naturally happy thoughts angendered by a good digestion.

ST. VITUS' DANCE.

This distressing and mortifying nervous affection is left generally either to take its natural course, or is treated on general principles with very little success. The nervous symptoms are not the disease itself, and proceed from functional or organic derangement in the nervous centres. No medicine has been found equal to the PERUVIAN SYRUP, in checking the involuntary nervous tremblings known as St. Vitus' Dance.

DISEASES OF OLD AGE.

As man approaches his allotted three score and ten years the vital powers begin to fail; stimulants of various kinds are used to strengthen the naturally failing system, such as wines, barks, &c. Instead of these, let the aged keep up the supply of the strengthening element, iron, by the PERUVIAN SYRUP, which offers a protoxide of that metal ready for immediate absorption.

HOLLOWAY'S PILLS AND OINTMENT.—Indigestion Acidity on the Stomach.—These corrective and purifying Pills, assisted by the external application of the Ointment, will subdue these troublesome disorders, though assuming an infinity of forms, and under each disguise mocking the skill of the wisest physicians. Their first action is to clear away all obstructions, purify the blood, regulate the secretions, and give tone to the stomach, and energy to the system generally. The cure they effect is not temporary or imperfect, but they work a most marvellous and beneficial change throughout the entire body, and enable it, with renovated powers, to resist the approach of future attacks on stomach or liver. They act, likewise, most wholesomely on the kidneys, spleen, bowels, circulation, and nerves.

NIGHT SWEATS.

This exhausting accompaniment, of any debilitating disease, should not be treated by astringents and acids, but by tonics and restoratives. The PERUVIAN SYRUP with protoxide of iron, fills a gap long open in the Materia Medica, in the treatment of this symptom. It enriches the blood, renovates the system, and restores the normal action of the skin.

HOLLOWAY'S OINTMENT AND PILLS.—Rheumatic Pains.—Many thousands of martyrs from rheumatism have found human life but one long disease, and after consulting all the most eminent men in vain, and trying all sorts of supposed remedies without relief, have grown weary of existence, and have ceased to hope for comfort on this side of the grave, until some lucky accident has called their attention to Holloway's Pills and Ointment. These are genuine remedies indeed. Persons bedridden for months with rheumatic pains and swellings, after the Ointment has been well rubbed into the affected parts, and the blood purified by the course of these Pills, have found themselves restored in an incredible short time to perfect health and ease.

LOSS OF APPETITE.

In persons of sedentary and literary pursuits, if the brain is over-worked and the muscles underworked, the appetite is very apt to fall from a general atony of the system. The PERUVIAN SYRUP, restores the tone of the digestive system and consequently the appetite, by supplying a pure blood to organs too weak to make it without assistance.

HOLLOWAY'S PILLS.—A certain cure for Headaches, Bile, Loss of Appetite, and Lowness of Spirits.—These Pills can be taken without danger from wet and cold, and require no interruption from business or pleasure. They act mildly on the bowels, strengthen the stomach, and promote a healthy action of the liver, whereby they purify the blood, cleanse the skin, brace the nerves, and invigorate the whole system. They effect a truly wonderful change in a debilitated constitution, as they create a healthy appetite, correct indigestion, remove bile, giddiness, headaches, and palpitation of the heart. Plain directions for the use of this medicine, at once so mild and efficacious, are affixed to each box.

TO GARDENERS AND Nurserymen!

TO LEASE.

FOR A TERM OF YEARS, SEVEN ACRES of Land, on the Oakvale Estate, enclosed with a good fence, and also a new Dwelling House on the property. The land is mostly all cleared and well adapted for garden purposes. Will be rented low, and on easy terms, to a good tenant.

Apply to D. A. EDGAR, Wharf street.

"CONSTITUTION WATER,"

THE ONLY REMEDY

FOR DISEASES OF THE

Bladder! Kidneys!!

Gravel, Dropsical Swellings,

GENITAL DEBILITY, &c

THE ASTONISHING SUCCESS WHICH has attended this INVALUABLE Medicine renders it the most valuable one ever discovered. No language can convey an adequate idea of the immediate and almost miraculous change which it occasions in the debilitated and shattered system In fact, it stands unrivalled as a remedy for the permanent cure of maladies above mentioned and also DIABETES,

IMPOTENCY,
LOSS OF MUSCULAR ENERGY,
PHYSICAL PROSTRATION,
INDIGESTION,
SEMINAL WEAKNESS,
GLEET, FLUOR ALBUS,

And in every disease any way connected with the disorders or decays of the PROCREATIVE FUNCTIONS Persons about to marry, if conscious of any weakness, should take the

CONSTITUTION WATER.

Whether broken down by excess, weak by nature or impaired by sickness, the unstrung and relaxed organization is at once rebraced, revivified, and built up. Well may this celebrated medicine be called the

MEDICAL WONDER.

The stooping, trembling victim of depression and debility becomes a new man; he stands erect, he moves with a firm step; his mind, which was previously sunk in gloom or an almost idiotic apathy, becomes bright and active, and he goes forth regenerated, conscious of new vigor. The medicine reaches the CONSTITUTION itself, and restores it to its normal condition.

Irritation of the Neck of the Bladder,
INFLAMMATION OF THE KIDNEYS AND
CATARRH OF THE BLADDER,
STRANGURY AND BURNING, OR PAINFUL URINATING,
CALCULUS, GRAVEL,
BRICK DUST DEPOSIT, AND
MUCOUS OR MILKY DISCHARGES,
AFTER URINATING.

For these diseases it is truly a sovereign remedy, and too much cannot be said of its praise. A single dose has been known to relieve the most urgent symptoms. TRY IT in these cases, and you will ever give your praise to

CONSTITUTION WATER!

Males & Females

Are you troubled with that distressing pain in the small of the back, and through your hips? CONSTITUTION WATER will relieve you like magic.

DR. W. H. GREGG, Proprietor.
MORGAN & ALLEN,
General Agents, New York.

HOSTETTER, SMITH & DEAN,
Agents for the Pacific Coast,
401 and 403 Battery street, corner of Clay, San Francisco.

PRICE—$1 per Bottle, Six for $5. Packed and sent by Express.

Sold by CURTIS & MOORE, Vict fe26

IODINE WATER.

IODINE WATER IS THE MOST IMportant discovery of modern chemistry, and it is impossible to over-estimate its influence as a remedial agent. Iodine has been considered the most useful article in Materia Medica, and many of the most scientific and practical chemists and physicians have investigated its effects upon the human system. It is to act upon the

HEART,
LIVER, KIDNEYS,
DIGESTIVE ORGANS AND GLANDULAR SYSTEM,

and to have great control over

SCROFULOUS AFFECTIONS.

Notwithstanding the zeal and ability which have been devoted to its investigation, it remained almost useless, until Dr. Henry Anders, a physician and chemist of New York, after years of patient labor and experiment, discovered a chemical process which enabled him to dissolve

PURE IODINE IN PURE WATER

without a solvent. This, considered impossible by the scientific world, is attested by certificates of analysis from Dr. J. R. Chilton of this city, and Professor Booth, U. S. Mint, Philadelphia. The importance of this discovery was so highly appreciated by the Faculty that it was published in the Medical Journals, and its use recommended to practitioners (see American Medical Monthly, July 6, 1856, page 76.)

This valuable medicine is now available to the public for the cure of Scrofula in all its manifold forms, Consumption, Cancer, Heart, Liver, and Kidney Diseases, Rheumatism, Neuralgia, Nervous Affections, Dyspepsia, Bronchitis, &c.

AS A TONIC

Its operation is evinced by strengthening the digestive organs and increasing the appetite. In cases of Dyspepsia, Emaciation and Debility an increasing nutrition of the body is the result of the employment of Iodine. The patient recovers flesh, strength and color; hitherty pale, relaxed and feeble, he becomes full, strong and florid.

Full directions accompany each bottle.

Sold by all Druggists. Price $1 per bottle.

Prepared by Dr. H. Anders & Co., Physicians and Chemists, New York.

HOSTETTER, SMITH & DEAN,
401 and 403 Battery street, corner of Clay, San Francisco.

Sold by CURTIS & MOORE, in Victoria.

The Infallible Remedy.

Holloway's Ointment.

Contracted or Stiff Joints.

All the medicines in the London dispensaries would barely benefit, much less cure, any chronic cases of contracted or stiff joints; whereas if this invaluable ointment be effectually rubbed into such parts twice a day, the effects will be immense. Paralytic patients even can derive advantages from this fine remedy when other means fail.

Scorbutic Humours.—Scald Head and Skin Diseases.

Scorbutic humors arise from an impure state of the blood, and in most cases the liver and stomach are the organs at fault. The Pills will speedily restore these to a healthy action; while the Ointment if well rubbed in at least twice a day, will soon cure any case of skin disease. Soldiers, sailors, and miners, use this famous Ointment in all parts of the world.

Disorders of the Kidneys, Stone and Gravel

In any of the above complaints more benefit may be derived in twenty-four hours by adopting the following simple means than is frequently brought about in six months by any other treatment. In bad cases if the Ointment be rubbed into the small of the back over the region of the kidneys, it will quickly penetrate, and, in most instances, give immediate relief. Six or eight of the Pills should be taken nightly according to circumstances.

Diptheria, Sore Throats, &c.

These maladies are of so serious and dangerous a nature that the Ointment would not be recommended unless the Proprietor was sure of its effect. It will cure when every other means have failed, if applied immediately, and not delayed until the patient is beyond recovery. It is a sovereign remedy for sore throat. Settled Coughs or wheezing will be promptly removed by rubbing in this unguent. Mothers should rub it into the chest of their infants whenever there is any hoarseness, tightness, or other affection of breathing.

Bad Legs, Bad Breasts.—Old Wounds, Sores and Ulcers.

It is surprising how quickly a sore, ulcer, or wound, deprives the body of strength, and unfits it for the duties of life; but it is no less wonderful to watch the effect of Holloway's Healing Ointment, when it is used according to the printed directions, and assisted by appropriate doses of the Pills. The pain, inflammation, and other morbid manifestations, soon disappear from the affected part and health and strength return.—This treatment creates sound flesh, and therefore makes its cures complete.

Gout and Rheumatism.

Will be cured with the greatest certainty if large quantities of the Ointment be well worked into the complaining parts. This treatment must be perseveringly followed for some time and duly assisted by powerful doses of Holloway's Pills. The essence of these diseases lies in the blood, which has floating through each vessel the pain-giving poison which vitiates and inflames every tissue it comes in contact with, and produces the hot, swollen, elastic enlargement about the joints so characteristic of gouty and rheumatic maladies.

Both the Ointment and Pills should be used in the following cases:

Bad Legs	Chilblains	Glandular Swellings	Sore-throats
Bad Breasts	Chapped Hands	Lumbago	Skin-diseases
Burns	Corns (Soft)	Piles	Scurvy
Bunions	Cancers	Rheumatism	Sore-heads
Bite of Moschitoes and Sand-Flies	Contracted and Stiff Joints	Scalds	Tumours
Coco-bay	Elephantiasis	Sore Nipples	Ulcers
Chiego-foot	Fistulas		Wounds
	Gout		Yaws

BENSON'S WATCHES & CLOCKS

WATCH AND CLOCK MAKER, BY SPECIAL APPOINTMENT, TO HIS ROYAL HIGHNESS THE PRINCE OF WALES.

Opinions of the London Press upon Benson's Great Clock and Watches in the Exhibition, 1862

"As a sample of English clock-work on a large scale, the works of this are probably the finest finished that have ever been seen in this country. No Chronometer could be fitted with more perfect or carefully adjusted mechanism.—*Times*, June 11, 1862.

"A more splendid and exquisitely finished piece of mechanism we have never seen."—*Standard*, June 17, 1862.

"Some of them are of great beauty, and if the English watch trade only follow up with the same spirit and success this first attempt to compete with foreigners in decorative watches, there seems to be no reason why we should not get the trade entirely into our own hands."—*Times*, June 23, 1862.

"A triumph of ingenuity."—*Telegraph*, March 31, 1862.

"Ranged around the base of the clock were the Watches which Mr. Benson exhibited, and which have been universally admired for the beauty and elegance of the designs engraved upon them. The movements are of the finest quality which the art of horology is at present capable of producing. The clock and watches were objects of great attraction, and well repaid the trouble of an inspection."—*Illustrated London News* November 8th, 1862

WATCHES, adapted for every class, climate, and country, wholesale and retail Chronometer, Duplex, Lever, Horizontal, Vertical, Repeating, Centre, Seconds, Keyless, Astronomical, Reversible, and Chronograph, from 200 guineas to 3 guineas each.

LILLIE'S SAFES

Cannot be Picked!

The Russell & Erwin Manufacturing Company, General Agents,

106 and 108 *Battery Street, San Francisco.*

A TRIAL TEST!!

This is to certify that we purchased on the THIRD inst., of Mr. F. Tillman, the agent in this city of Tilton & McFarland, one of their BEST SAFES, WITH INSIDE STEEL VAULT, and WARRANTED by their agent to be FIRE and

BURGLAR PROOF,

for sale. The outside door of said Safe is secured by their six-tumbler key lock. The door of the Steel Vault is fastened by their six-tumbler key lock, and a five ring Combination Lock.

Mr F. W. Ensign opened the said Safe, by picking the lock on the outside door in

TEN MINUTES,

and the door of the Steel Vault, by making a key from measurements taken from the outside thereof, while said door was closed and locked, and by picking the Combination Lock (not using tools or violence) in five hours and fifty-seven minutes, being

One Hour and Three Minutes within the time he was limited to.

The trial was made WITH THE CONSENT OF MR. TILLMAN, who was apprised of the conditions thereof beforehand, and who, upon the above result being made known to him, promptly offered to carry out his warrantee by sending for said Safe and taking it off our hands.

I CANNOT, and do not, after witnessing the above operations, CONSIDER SAID LOCKS AS BURGLAR PROOF. Signed,

Alexander Boyd,
Of BOYD & DAVIS, 209 Front street,
San Francisco.

SACRAMENTO, August 8, 1864.

This is to certify that Mr. W. F. Ensign has picked the lock on the "County Treasury Safe," it being one of Tilton & McFarland's "Best Steel Lined Safes." Mr. Ensign *unlocked the Safe on a different combination from the one we used, it working as well on one as the other.* We have adopted "Lillie's Duodecagon Bank Lock" in its place.

(Signed,) F. S. LARDNER,
Treasurer.

NEW LOCK ORDERED.—The Board of Supervisors yesterday ordered the purchase of a new lock, to be attached to the Safe used by the County Treasurer. This safe is one of Tilton & McFarland's manufacture, and is provided with a Combination Lock. An agent for the sale of LILLIE'S SAFE offers for sale a new Lock. He claims to be able to pick any ordinary lock now in use in the city; and yesterday, to illustrate the case, opened the County Treasury Safe in the presence of a number of persons, after it had been carefully locked by Treasurer Lardner. He also opened the safe of A. Egi, fruit dealer on J street, after it had been closed by the owner. The Lock which he sells has, it is claimed, never been picked. It can be appended to any ordinary Safe as a substitute for the original lock. The Board of Supervisors being satisfied that the County funds are at present unsafe, ordered the new lock, at a cost of $175.—*Sacramento Union, August 6th.*

An Unexampled Fire-Proof Test.—$30,000 Saved in Eighteenth street.

NEW YORK, Wednesday, July 18, 1860.

LEWIS LILLIE, Esq., Troy, New York—Dear Sir: When I visited your works, in Troy, I became satisfied of the superiority of your Chilled and Wrought Iron Safes, and, as I then said, I was determined to order one on my return to New York; my determination was delayed, however, that I might investigate the charges which your competitors, in this city, brought against the reputation of your Safes. I did not do this, however, until after the night of June 16th, when my Sheet Iron Safe was blown open and robbed of $490. I then bought of your Agent, Mr. Frank E. Howe, No. 203 Broadway, upon whose representations I entirely relied, one of your No. 5 FIRE AND BURGLAR PROOF SAFES, although I was told by the same competitors that in case of fire its contents would be entirely destroyed.

On the night of the 29th of June, my office, which was a four-story building, together with my steam saw-mill adjoining, were entirely destroyed by fire. Your Safe was in the second story, and *was entirely surrounded by the hottest fire I have ever known.* It fell red hot into the cellar, striking a bed of rocks upside down, and it was not until then that any water came in contact with it, as the neighborhood was too hot for the firemen to hold the hose on the building.

I had all my books and valuable papers in this Safe, together with $30,000 in money and notes, and I am free to say, that when it was dragged out of the ruin, I did not expect the contents to be saved, as the engineers and firemen assured me it was as hot a fire as they ever attended. Quite the contrary was the case, however, as *all its contents were entirely saved;* and it is my pleasure, as I deem it my duty, to refer those interested to the Safe, now in your possession, and to its contents, which, I will cheerfully show at my office. Yours, &c.,

J. J. VAN PELT, Agent for the R.R.S.S. Mills.
